It's Kimmy Blanco,
Fly girl mercenary
See the closet,
Like a chinchilla cemetery
David styles,
Made out of crocodiles,
You couldn't find these shoes on forensic files
Dirt nap time,
CPR couldn't bring em' back, flatline
Polo cardigan,
When I yacht cruise
Michael Kors shades,
Louie boat shoes
I'm the new trend,
I'm what's in

You hoes out of season,
Kim's the reason
Gucci bicycle,
I'm ridin' on you broads
Prada backpack,
Mountain climbin' on you broads
Dior mascara,
Laurent lip gloss
Queen Bee 101,
I teach you how to floss
Killin em' like an abortion place,
Somebody wrap they casket in caution tape
