[Intro: Snoop Dogg] Ayo Queen Bee, it's big Snoop
Dogg

(Yeah Snoop, I feel you man
That Lil' Kim just be callin' me, somebody help me

(Somebody, somebody please)

[Verse 1: Lil' Kim] Tell me why I'm so damn fly
One hit of me and you'll be so damn high
Plus I got that hydro flow (So sexy)
Come and get your head right nigga
He's an addict of my pillow talk
Hour glass body and my runway walk (Look at you
baby)
I got a sweet-tooth for the chocolate guy
See him lickin' on the lips of this Chocolate Thai
So have my wrists lookin' like Rainbow Bright
Once he stick his pipe in this Atomic Light
Lil' Kim have you feenin' for more
Get you higher than a jar of Griefo

[Chorus: Jack Knight] Lil' Kim, oh girl your shit's the
cronic
(You're shit's the cronic baby)
You're like a Strawberry bag of weed
(Like a strawberry bag of weed)
One hit of the cronic, ow brotha
She'll put yo' ass to sleep
(She'll put yo' ass to sleep)
Cronic, cronic, cronic

[Verse 2: Lil' Kim] My sugar daddy from Brooklyn just
sent me a page
He tryna come blaze some of this Watermelon Haze
Baby girl keep him home for days
Bustin' nuts and seein' circles from this bag of sweet
Purple
Homies out in LA call me Lil' Sticky
Got G's walkin' with my name on their dickies
Get you higher than Amsterdam, God as my witness

I put the Red Light District out of business
They want me off the streets, they say I'm illegal
I'm more potent than a pound of Sour Diesel
Lot of copycats, don't make that mistake
That Homegrown shit'll give yo ass a headache
Who's that peepin' in my window
Tryna get a toke and a sniff of this Indo
This bag of Kim have you ready to spark shit
I'm the hottest product out
(She's the hottest product out on the market)

[Chorus: Jack Knight] Oh girl your shit's the cronic
(Oh your shit's the cronic girl)
You're like a Strawberry bag of weed
(Like a strawberry bag of weed)
One hit of the cronic, ow brotha
(One hit, one hit, hey)
She'll put yo' ass to sleep
(She'll put yo' ass to sleep, put me right to sleep)

Rude boi dem, come holla at a legend
Throw your dutchies in the sky it's fresh from yard
