Hook:

Pop that coochie like a rubber band
Pop, pop that coochie like a rubber band
Pop that coochie like a rubber band
Pop, pop that coochie like a rubber band
Pop that coochie, pop that coochie,
Pop that coochie like a rubber band
Here's a little story I got to tell
About the first rap bitch to rock Channel
Heard you got a kid, money and..
You've been gave your tipsâ€¦ and rock cock as well
Hey, the niggas, better beâ€¦
It's just buzzing in the spot, you know my boy there
If we're in a parking lot, you know the boys is there
Holding down, the queen sitting in the chair
Now you wanna dress sexy and die your hair?
When the real Kim stands up it's frozen here
I'm about to pull a plug on y'all boys in here!

Bridge: (x2)

When you're coming to the club they'll be like oh, oh
When you pull up on them drugs they'll be like, oh
My bitch, my bitch is in my drugs, baby like, oh
I'm sharing VIP with us, baby like, oh!
