You say you love me well boy you must prove it  
Benz Chris Brown Maybach's six dueces  
You know I love the stones no I don't mean zodiac  
Diamonds are a girls best friend where my homie's at

Love a rich boyfriend nothin can compare to him  
American Expresses' african american  
Yeah, and I don't even gotta ask for gifts  
UPS real ballers send me packages

Cop mad models in the club oh you ballin' hard  
So he won't mind when I max out the credit card  
Just like in the bed boy your wallet gotta last now  
Copy cat Fab and tell em throw it in the bag

Spend a million bucks  
You ain't did nothin' till u spend a million bucks  
You ain't seen nothin till you spend a million bucks  
You ain't ballin' nothin till you pull out the cash and  
splurge on my ass x2

Spend a million bucks yeah presidents how they greet  
me  
Honeysuckle, that's what he taste when he eat me  
If your money counts low then ya can't talk  
Need ya bank account bigga than my fans hearts

Yeah, and Lil Kim is like a landmark  
Spend it all that's the more you stand for  
Yeah I know you nigga's like to front a lot  
That's why I need the ghost phontom with the diamond  
top
