Mm-hmm, ye-yeah..

[Twista]

Here come a bitch with the fly puss', and a nigga with
the fly dick

In the Mickey and Mallory mode, rollin through the
streets on 24's

On krunk screamin, "Die bitch!"

Bout to shut yo' shit down, anybody that opposes to
payin us a fee false

If the straps don't bleed y'all

We put stitches in yo' motherfuckin dome like a league
brawl

(Come and roll with this)

Take a journey to the realm of the truth when I bust this

It's the Duke and the Duchess

Leavin haters 'buked and on crutches

Niggaz you cannot touch this

It's a new collaboration of Thug Luv

Between the Thug Queen and the Thug Lord

More power than a drug lord

Meant to be because we love each other the way we
love war

Gotta rider bet hug yours, cause I'm full of ambition

And ammunition and a 50 like I smoked a sticky stack
of hash

Ain't no missin on no critical condition

Murderin is the mission and we can bust a itchy atcha
ass

Feel the flow when I drop it

Don't when to stop it, I'm goin pockets and layin bodies
down

Feel adrenaline from me and Kim and them

We got it sewed from Brooklyn to Chi-Town

See the artillery, we don't fuck around with silly games,
plenty thangs

Nigga plus I got an illy aim, stick 'em up, steal his chain

Then I spill his brain, then I feel his pain

Some of the consequences when you dealin with a plug
thug

And I'm backed up by the Queen, we gon' take over the
world

Whatchu know about Thug Luv?

[Chorus]

You can't fuck with us; do it like a hustler
Gotta keep it gangsta, can't no one collide with us
All my true thugs and all my real bitches
Won'tcha come and ride with us
Do it like a hustler
Gotta keep it gangsta, can't no one collide with us
All my true thugs and all my real bitches
Won'tcha come and ride with us

[Lil' Kim]

It's the T-W-I-S to the T-A, K to the motherfuckin I-M
Bout to shut yo' shit down
Other albums come out ain't NOBODY gon' buy them
Now who gon' deny them? I'm scared of myself, don't
nobody wanna try Kim
Y'all know you done fucked up
(now whassup - y'all better come roll with us)
Who's you Mister? It's Lil' Kim and Twista (and we about
this)
For those who doubt this, the game is ours (we gon' run
you up out this)
What a wonderful feeling when you're stealin a million
But the billion jackpot's what I aim for
Get your hands in the air, put 'em up, keep 'em high
Don't want no problems - JUST GIMME WHAT I CAME
FOR!
Pull up on your block, eight straight Hummers
Bout to have it locked, eight straight summers
Bank account hold eight straight numbers
Ain't no room for you whack newcomers
We the people's choice because we kick that
Nasty "Hardcore" shit that you wanna hear
Can't fuck with us, hands down we win best murder rap
of the year
Pounds to the misters, hugs for the miss
Bombs in the mail, sealed with a kiss
All my bitches pop that thing like this
All my niggaz wave that bling on the wrist
Some of the consequences when you dealin with a plug
thug
And I'm backed up by the Duke, we gon' take over the
world
Whatchu know about Thug Luv?
You can't fuck with us; do it like a hustler
Gotta keep it gangsta, can't no one collide with us
All my true thugs and all my real bitches
Won'tcha come and ride with us
Do it like a hustler

[Lil' Kim]
Do it like a gangsta, creepin like a murderer
Strapped while I roll on chrome
Lookin for the ones we at war with
When we see 'em we gon' aim for your dome

[Twista]
Hear me Ma we can run this Earth together, come up
worse than ever
Havin big dreams while we back up this work together
Let's set up shop on the block now, takin over yo' tip
Even if we gotta slang dubs
Go to war because I love blood, with a Queen by my
side

[Chorus Two: Lil' Kim]
Do it like a hustler, Lil' Kim and Twista
Might as well ride with us
