Mmmmmm Mmmmmm Mmmmmm  
Mmmmmm Mmmmmm Mmmmmm Hey

Verse One:

I never thought I'll be saying this,  
But I'll never bring my man around my friends again  
Cause the main ones that be hating him  
Be the same ones trying to get a piece of him

Oh yes they tell me this and they tell me that  
I believe what they say and then I question you  
I figure out what they said behind your back  
It was a front just trying to get next to you

Chorus:

Those were the same girls that said  
I should leave you  
Those were the same girls that said  
I don't need you  
Those were the same girls that  
Sat around and dissed you  
Those were the same girls that said  
I should quit you  
Those were the same girls that said  
You be sceaming  
Those were the same girls that said  
They caught you slippin

U wanna be down, I get the picture  
Those are the same girls that wanted to get which ya

Verse Two

Yes I really thought they where close to me  
Tell them every thing about u and me  
From the sex to the nights u wouldn't come home in

To the fights we had in our relationship  
I guess they where using it for their game  
Cause they dog u out and I would do the same  
I keep'em close amd my enemies far away  
I had it twisted cause I use to hear them say

I can do better then u (yeah yeah)  
(I can do better then u) (yeah)  
That's what they use to say  
Every day, all day  
They where just trying to take u away baby

But now I don't love'em, I don't trust'em, I don't  
see'em, I don't need'em  
Boy I need u please don leave me  
I let go of all my so called friends but I remember when  
they tell me

Chours/ad-libs to fade
