Verse One:

I never thought I'll be saying this,
But I'll never bring my man around my friends again
Cause the main ones that be hating him
Be the same ones trying to get a piece of him

Oh yes they tell me this and they tell me that
I believe what they say and then I question you
I figure out what they said behind your back
It was a front just trying to get next to you

Chorus:

Those were the same girls that said
I should leave you
Those were the same girls that said
I don't need you
Those were the same girls that
sat around and dissed you
Those were the same girls that said
I should quit you
Those were the same girls that said
You be sceaming
those were the same girls that said
they caught you slippin

U wanna be down, I get the picture
Those are the same girls that wanted to get which ya

Verse Two

Yes I really thought they where close to me
Tell them every thing about u and me
From the sex to the nights u wouldn't come home in

to the fights we had in our relationship
I guess they were using it for their game
Cause they dog u out and I would do the same
I keep'em close and my enemies far away
I had it twisted cause I use to hear them say

I can do better than u (yeah yeah)
(I can do better than u) (yeah)
that's what they use to say
Every day, all day
They were just trying to take u away baby

But now I don't love'em, I don't trust'em, I don't
see'em, I don't need'em
Boy I need u please don leave me
I let go of all my so called friends but I remember when
they tell me
