You've been here many times before  
Thinkin should you stay  
Or should you walk right out that door (But I'm afraid to  
leave)  
How many times does it really take  
For him to treat you bad and take his love away  
Now you're tellin me he wants to leave  
What is there to think

Girl let him leave  
What is there to think about  
Do you know what this means  
You can get your life back,  
You can get your joy back,  
You can turn your life around because he wasn't good  
for you  
Just like that (Just like that, let him leave)  
Just like that (Just let him go and move on)  
Just like that (Cause you deserve better girl, you  
deserve better)

What should I do when he calls my phone  
(Let the machine say that you're not at home)  
And what about those nights when I'm all alone  
(Girl it won't be the first time, you can make it)  
You see I gave him everything I had (Woo, woo, woo)  
I was there when no one else was there for him  
Now he's tellin me he wants to leave  
What should I do

Girl let him leave (Let him leave)  
What is there to think about  
Do you know what this means  
You can get your life back,  
You can get your joy back,  
You can turn your life around because he wasn't good  
for you  
Just like that (You can leave up out the door and)  
Just like that (You ain't gotta see him anymore and)  
Just like that  
(Ooh you deserve better girl, you, you, you, you, you,  
you you deserve better)

It's time to let your hair down (Have you some fun)  
No more givin all of me to just anyone  
(All the brother did was take you for granted) And bring  
my soul down  
You deserve better (Cause you're all of that girl)  
You deserve more (More than you'll ever know)  
So hold your head up, it's your time to win  
Girl let him go

Girl let him leave (He ain't all that)  
What is there to think about  
Do you know what this means  
You can get your life back, (You can get your life back)  
You can get your joy back, (You can get your joy back,  
hey)  
You can turn your life around because he wasn't good  
for you  
(So it's just like that)  
Just like that (I ain't got to worry about him comin home  
late)  
Just like that (I ain't even gotta make ya stupid plate)  
Just like that (I ain't gotta smell that stinky feet, it's all  
about me)

Girl let him leave  
What is there to think about (Ain't nothin left to think  
about)  
Do you know what this means (Tell me what you got)  
You can get your life back, (I got my life back)  
You can get your joy back, (I got my joy back, I got my  
money back))  
You can turn your life around because he wasn't good  
for you (I got it all back)  
Just like that (I got my credit, my car, my house, my  
kids)  
Just like that (Everything, even got back my self  
esteem)  
Just like that (Now don't look back, I won't look back)

Chorus until fade
