Ooh, ooh, ooh  
You said (You said)  
You had to leave  
Come Saturday  
You gon be with me  
Said you had things  
You had to do  
Now it's Monday  
I ain't seen or heard from you  
How much more time you need?  
I let it marinate  
Getting worried  
Now it's Wednesday  
Didn't see your face  
Ooh baby I believed you when you said

Said you would love me for always  
But always ended Saturday  
How could you look me in my face?  
Knowing you were with her in the first place

Ooh, I try (I try)  
To reach out and touch you  
But I look a fool, look a fool  
I even drove by your apartment  
Saw a For Sale sign  
You up and moved away  
You could've at least called me  
According to you, y'all was over  
Now y'all are closer than y'all ever were  
You swore to me  
I believed you when you said

Said you would love me for always  
But always ended Saturday  
How could you look me in my face?  
Knowing you were with her in the first place

You took a piece of me  
When you walked away  
Last Saturday  
I would've thought you'd be the one

That be good in my mind  
Come and aid the same thing  
I didn't see a thing  
That would even make me think  
That you weren't really down for me  
Boy you ain't love me  
You ain't love me

Said you would love me for always  
But always ended Saturday  
How could you look me in my face?  
Knowing you were with her in the first place

Said you would love me for always  
But always ended Saturday  
How could you look me in my face?  
Knowing you were with her in the first place

Oh, oh, baby, oh, oh
