Fabolous

i guess i aint got no reason to mingle round
i found a superwoman that can leap from a truck in a
single bound
mommy, i'm tryin to bling you down
so niggas without shades on cant stare when i bring
you round
she put her lips on the weed and pull it
then work her tounge to make me cum faster then a
speedin bullet
her love is stonger then a locomotive but only for the F-
A-B-O-L-O-U-S
sing to me ma

Chorus

Baby they cant play you
cuz i'll save you
with my super powers
boy I'm only human
but ill be your superwoman

Lil Mo

they dont make any girls like me
no, no
take a girl like me to get
a guy like you to understand why boys and girls sing
im not your average chick
cuz they cant do it like this
i've been sent to save your day
and things wont be the same

Chorus

Baby they cant play you
cuz i'll save you
with my super powers
boy I'm only human
but ill be your superwoman

Boy i told u once before you aint gotta look up in the
sky
cuz the girl you need is right before your eyes
get so sick of all these broads

aint got nothin to stand for
cuz with me you wont fall off no baby oohhh

Chorus

Baby they cant play you
cuz i'll save you
with my super powers
boy i'm only human
but ill be your superwoman

Everyday...Everyday

i love you in every special way
chicken heads
they cant stay.... they cant stay
and now that im here im here im here

Fabulous

this superwoman might have saved my day
them co's i put and gave some play
naw i wouldnt even wave that way
i understand why them ugly chicks behave that way
they see the icy "S" on your chest engraved in gray
be whiped i might cuz usually my tips be tight
the only green i keep from you is kryptonite
the way the blowwin red suit fits ur hips so right
i'd be like da-da-da-da da-da-da-da-da-damn

its like I'm under your spell
if feelin you is a crime
they gonna have to put me under the jail
you probably hear the details that i be in everything
from lairs to CL's with my share of females what
you know i care for you (care for me)
and anytime this nigga is there for you (there for me)
these feelings i only share for you
this makes it a lil more clear for you
bounce

Repeat Chorus till end

Chorus

Baby(Baby) they cant play you
cuz i'll save you(gonna save you)
with my super powers(thats the power of love)
boy I'm only human (only human)
but ill be your superwoman(but ill be your superwoman)
Everyday haha
