I wasn't checking you  
Become my best friend  
I did all I can do  
To show her different  
But in the scheme of things  
I kinda lost my range  
And I found myself wanting  
To be with her in another way  
Tell me what am I do when  
I think of her each and everyday  
And I can't believe  
She's got me trippin'

1- You're the only girl in my dreams  
And I really want to get to know you  
Cutest things that I've ever seen  
How I wish I could get with you  
Every night when I say my prayers  
I pray to God that we'll be together  
Girl I want you and no one else  
You'll be in my heart forever

2- Even though she treats me like her best friend  
Tell me all the secrets that she keeps in

She don't have a clue the things I'm thinkin'  
If she only knew that I fell for her

Repeat 2

She's an angel with a lot of love  
And she never treats me different  
Every time that I think about her  
My heart beat starts to skipping  
Should I let her know the best of  
My thoughts that I never mentioned  
If I let it out she will know about  
Everything that I've been wishing

Repeat 1

Repeat 2 (2x)

Ooh yeah, oh fell for her baby  
(Uh-huh and I really want)  
(To get to know you)

(What, could you with you)  
(What, uh-huh, yeah, what)  
(Yeah, what, what)  
Ooh yeah, oh

Repeat 2 till end
