Yeeehaaahhhhhh

Gurl I wish that I could  
Spend time wit u  
each and every day.  
playin wit my love emotions  
thats tha thing that got me open  
and i dont know what it takes  
to let ya know your my gurl,  
to let ya know your my baby.

and even when they say  
we won't stay around  
if they only knew that  
we were meant ta be together  
forever an ever whatever  
theres no better than  
me and you girl  
thats why i write you love letters  
sayin

(chorus)

I Like tha way you look at me  
i like tha time we spend baby  
i like what we have grown to be  
I like it..girl  
don't ya know I like it  
I Like tha way you look at me  
I liketha time we spend baby  
i like what we have grown to be  
I like it..girl  
don't ya know I like it

sometimes I wanna be the one  
you be checkin for  
can i get a second for  
me and you ta be alone  
tell me if you think its wrong  
love is nuthin but tha time it takes  
ta say im on your mind  
let me tell you

im always there  
oh yeaah  
lets get a little time away  
go to tha movies on a saturday  
meet me at tha finish line  
so i can tell u one more time  
girl you know...Im not scared..  
to let you see that...

(chorus)

when I think of u  
i think of  
all tha things we could do  
and i never wanna  
let you go  
and as long as i can let you know

[Sammie speakin]  
i hope we stay down forever
