I could do whatever I try  
Can't life pass me by  
It's okay to say no  
You wanna make it then you gotta say go

[Chorus:]

Can't let life pass me by  
You could make it if you try  
Hold your head up high  
You might touch the sky  
Can't let life pass me by  
You could make it if you try  
Hold your head up high  
You might touch the sky

Look in the sky you know where it came from?  
Plenty stars but the moon we only got one  
Me and you we all people shawty  
We all human so we people shawty  
God made adam then He made eve  
Plenty apples fell from the tree  
Can't forget about the birds and the bees  
God's tears built the seas  
And from our parents came you and me  
Now you can be what you wanna be

It's time to make the right move (uhhuh)  
You can be smart in school (uhhuh)  
All you gotta do is study shawty  
Troublemakers ain't your buddies shawty  
Stay focused say no to drugs  
Respect your elders by showing em love yeah,

[Chorus]

I could be a doctor I could be a lawyer  
I could be the next Michael Jordan or Vince Carter  
I could be a teacher cause I love to read  
I could be a fireman or a police  
I wanna be a scientist and save the world  
Or I can be a veterinarian and study squirrels  
I could be the president just need your vote

Too many kids dying we just need your support  
I could be like Master P and own my own business  
Or operator or a technician  
I like airplanes I could be a pilot  
I wanna be a dentist I would go to college  
Or I could be on TV and be a superstar  
Or I could be a mechanic and fix cars  
I could be an astronaut and fly to the moon  
I always gonna be me, you gonna be you

[Chorus]

Can't let life pass me by (uh ha)  
I can make it if I try (uh ha)  
But I gotta keep my head up high (uh ha)  
And I might touch the sky (uh ha)  
Can't let life pass me by (uh ha)  
I can make it if I try (uh ha)  
But I gotta keep my head up high (uh ha)  
And I might touch the sky (uh aite)
