As the sky cry then doves can too
I've seen a lot of life barely 22
Feel like I've built the house with no roof
But I'm conscientiously reminded that I'm hot too
That means very blessed in my dictionary
And the girl of my dreams is my sanctuary
Why all my best friends in the cemetery
Now I wish that I never played bloody mary
But here life is a great teacher she's a bad
Now you know the preach
And these haters mad like I got everything
But I would give it all just so she can wear my wedding
rain
I never wanna see you cry again
I'll eb there when you need me though
And I know they call me romeo
But I swear this is no video
That mean gang in my dictionary
And this a movie hermoine and I'll be harry
They say circlces only last forever
So my love for you is not in the shape of our heart
And I know that you wonderful kind
'Cause the day behind your chest closing the dark
I hope you know all human know
And sometimes I think they forget that
Talk trash and I'm blast to shit
That's why I really read that
I would never ever break you
'Cause I know you're made of glass
You're my special piece of paper
That other paper is trash but bad day is gone
Rain is gone and sunshine in the sky that it's for us
Chorus:
You can take everything I have
You can break everything I am
Like I'm made of glass
Like I'm made of paper.
Go on and try to tear me down
I would be rising from the ground
Like a skyscraper, like a skyscraper
As the smoke clears

I awaken and untangle you from me
Would it make you feel better to watch me while I bleed
All my windows still are broken but I'm standing on my
feet

Chorus:

You can take everything I have
You can break everything I am
Like I'm made of glass
Like I'm made of paper
Go on and try to tear me down
I will be rising from the ground
Like a skyscraper, like a skyscraper
Go run run run I'm gonna stay right here
Watch you disappear yeah
Go run run run yeah it's a long way down
But I'm closer to the clouds up here

Chorus:

You can take everything I have
You can break everything I am
Like I'm made of glass
Like I'm made of paper
Ohh
Go on and try to tear me down
I will be rising from the ground
Like a skyscraper, like a skyscraper
Like a skyscraper, like a skyscraper
Like a skyscraper
You know our greatest glory
Is not and never failing
But it rising every time we fail
Is runnin'.
