[Chorus - Intyana]

Boy you soo fly,
Boy you soo fly,
I'm gon' make you mine.
Boy you soo fly,
Boy you soo fly,
I'm gon' make you mine.

[Verse 1 - Lil' Romeo]

Now, me and my pop we in the finer things,
Still, in every rings we designin' things,
Like girls, diamonds I never change,
I keep my girl to the best of things yep,
Just, pop the benz now I'm about the new reins,
I'm like the bombs on street I'm always lookin' for
change,
And I on't know what it is about me,
But all the little ladies seem to really like me,
Much be the deans little Master P,
And it's no contest 'cause we the best,
By mote y'all dress man we impress,
No window shoppin' we invest so,
Lil dude always on his tip of toes,
Y'all make money yeah we earn them doing shows,
Im a baller you already know,
I was born to be a fly thats the way I roll yeah,

[Chorus - Intyana]

Boy you soo fly,
Boy you soo fly,
I'm gon' make you mine.
Boy you soo fly,
Boy you soo fly,
I'm gon' make you mine.

[Verse 2 - Lil' Romeo]

Now once in a while here I'm kinda fly,
All the pretty girls they just speak thier mind,
When I'm, tourin' the world just ridin' around,
Going to the store now I'm gettin' chased around,
I ont' know what it is could it be the smell?
From up top north to the dirty south yeah,

Just flowin' all over my home,
There's nothin' but plex, platinum and gold ones,
I do it for the kids out there,
My stallion really care,
As long as I'm leashed, in my P miller gear,
We gon' be too hard to stop this year,
There's soo much too hot to touch,
This winner, too cold to cool off,
You could catch my flow I'm not with Ruledof
What I'm tryna say I can't stop the tank dog yeah,

[Chorus - Intyana]
Boy you soo fly,
Boy you soo fly,
I'm gon' make you mine. (what?)
Boy you soo fly,
Boy you soo fly,
I'm gon' make you mine.

[Verse 3 - Lil' Romeo]
Getcha hands up, throw your hands up up,
Getcha hands up, throw your hands up up,
Where the west at? Where the north at?
Where the south at? Where the east at?
Getcha hands up, c'mon,
Just right here, make me wanna pop my collar,
Aha, yeah, c'mon.
