[Verse 1 - Lil' Romeo]
I remember way back in them kindergarten classes,
Snack time the way yo smile used to shine,
How we used to line up in them single fine lines,
Walkin out to recess takin' all them deep breathes,
Watchin me develope all my basketball skills,
Dribblin from the the start and u took my heart,
I couldn't wait till the next day,
To see yo face all over again,
Yo love I'm still tryna to win c'mon.

[Chorus - Lil' Romeo and some girl]
[G:] Young girl why you wanna grow older.
[L:] Young or old baby I'ma still be there.
[G:] Young girl why you wanna grow older.

A few years passed but still the same feelings,
I got more popular still the same feelings,
I had and I on't know if they will change,
And all my friends tellin me to concentrate on yo game,
Keep ya grades good NBA's in ya furtune,
But u so pretty can a soldier break to lose ya,
And I won't really call it puppy love I'm havin,

It's more like a crush so we gon' can keep it on the hush, OK.

[Verse 3 - Lil' Romeo]

In the 7th grade now and i'm stunnin like a super star,

Referee takin' all startin point gourd and it's funny,

Cause I still feel the same way,

You've start notice how i'm lookin yo way,

But through it all still shy,

And I'ma put it in a letter cause I,

Think that's the best way to tell ya,

That we can still grow together,

And we could weather the storm is strong,

And deal with whatever.
