What you mean you about to move,
Who gonna take walks with you to school,
you cant leave me home alone,
things was going to good, why move ya rome,
I dont wanna talk over a cell phone,
its to much, why talkin digital roam
you to special, i cant see you gone that long,
to be honest, you n me was like clones
we both love working hard, and plus on that you have
my back I really respect that cant,
split us apart like siamese twins, rappers need mics,
parents need kids,
thinkin over to long but it felt like we did,
could it be love at first sight, maybe it is

(Chorus)

I know we can get through, we can get through, we can
get through it (x4)

(Verse 2)

When i first seen i knew u sumthin special (yea),
im so glad that i met you (yea),
if u ever fall im here to catch you,
you always say im superman to the rescue,
now can i take your hand,
i wanna be your man,

i hold you tight like a real dude supposed to be,
im lovin you,
and you will always be my baby,

and when times get shady,
your now my one on my team,
i like dancing in your jeans girl, thats what i mean

all around the world
you my superstar, my boo at heart,
cant picture you and me apart (man)
you trust me and i trust her,
