I wanna be the one
If I can
Yeah
Girl I wanna be,
I wanna be

When I fail
I always knew
That we would do well
I never thought
Of you as a sell-out, girl
I'd give my world to you
Can't you tell
I will be there

But sometimes
You throw me off
And get out of line
And I cant take this feeling inside
I get
I've been into you, girl
For some time
Just come by my side
Cause all i want...

(chorus)
I wanna be the one to hold you
If I can
I would give you the stars above
You'll know who I am
I wanna be the one to show you
I'll make a stand
I wanna be the one
I wanna be the one
If I can

I'll never let you
Feel out of place
Cause bein w/ this girl
Is an A to me
I hope this life

Will forever proceed
That's how it should be

There'll be times
In the day where you
Just won't leave my mind
Have to say that is a
Different side
Of me
Better than candy for free
Don't you believe me
When I say...

(Chorus X2)

My heart is open, girl
If you notice it all
Girl, the time will come
When I'll be the one
With you forever more

I wanna be, I-I wanna be
I wanna be, girl, I wanna be
I wanna be, I-I wanna be
I wanna be, girl, I wanna be

Repeat

(Chorus)

I wanna be the one
I would give you the stars
I wanna be the one
I wanna be the one, I wanna be the one if I can
