Chorus:Your nothing but a lie
Your nothing but a liar
Your nothing but a cheater
Take the test your butt will fail.
Your nothing but a lie
Your nothing but a liar
Your nothing but a cheater
Take the test your butt will

Two times two equal four days ago when you told me
You loved me two times three equal six days ago when
I caught your butt cheating two times four equal eight
Day ago when I confronted you.

Chorus:Your nothing but a lie
Your nothing but a liar
Your nothing but a cheater
Take the test your butt will fail'
Your nothing but a lie
Your nothing but a liar
Your nothing but a cheater
Take the test your butt will

Did you think I would never find out you tried to
Play me so you say that she's just a freind so you say
I always been faithful so you said you would take the
test
And your butt will fail

Chorus:Your nothing but a lie
Your nothing but a liar
Your nothing but a cheater
Take the test your butt will fail'
Your nothing but a lie
Your nothing but a liar
Your nothing but a cheater
