(feat. Ardis, Willie D)

[Troy] Where the love at?

[Willie D]

Momma told me there'd be days like this, but I didn't listen

Never question the woman's intuition

My ambition is to give you what you missin, sweet love

Take off your shoes, come and get your feet rubbed

Us in the tub, takin bubble baths, that'll be the shit

Anybody that don't believe this can eat a dick

I think we soul mates, cause we got so much in common

You make them hoes wait, when you find the proper woman

Lay next to me, put yo' head on my chest

Attraction stimulates me but it's not all about sex

I respect you got a mind and you... self sufficient

Opinionated... yet know how to listen

Now what's mine is yours, if I'm ballin you ballin

Tell that other nigga, he can stop callin

Check this out

[Chorus: Lil' Troy (repeat 4X)]

[sung] I want to be your man

[Troy] Where the love at? Where the love at?

[Willie D - over chorus]

I wanna be your man baby; I'm talkin about

providin you with all of life's.. securities - I mean

I think the first step is, goin to pick out some rings

What you like? Baguettes and pistol skirts

[Ardis]

Can I spend a night, without givin you my ends tonight?

Cause I gotta catch a early flight

What you yellin bout? The simple fact that I'm bailin out?

I'm makin moves, my album sellin out

I need some affection, love could you teach me a

lesson

I might be sittin fat down here in Texas, but the thugs is mean

So how deep is your love for me?

How real do you cut for me?

If the laws came and got me, how long would you-a stuck with me?

If not long then don't fuck with me

I want you down on my team and support, when I'm tryin to make my green

If you're real, I'll throw some carats in your ring

I'll make it last forever, cause you know I had that cash forever

We can ball till we pass together baby

Where the love at

[Chorus]

[Willie D - over chorus]

Hahah, yeah

My nigga Lil' Troy, Short Stop Records

Puttin down like a G.O. ..

That's how we get our groove on!

[Willie D]

Recognize the mob, I bet you co-workers stare

When they - see the flowers that I'm sendin to your job

Read the cards, stick it in your purse, let's keep it rosy

Cause everybody so nosy

So you can't believe what people say

Misery loves company - tell them keep away, it'll be ok

If you trust in me to make it right

Before I hit you I'll freak ya that's on my baby's life

Will you be my wife? Please take this ring - let it serve as a token

To make you realize baby I ain't jokin

I'm copin, but my adversaries got me noid

I need a God-fearin woman, who understands my heart

Leave your baggage from past relationships, out of the picture

I put my old flames out and changed, all of my digits

And that's real

[Chorus]

[Willie D - over chorus]

I want to be your man, sober

Ain't really no need to question me

And we're together as far as..

for my loyalty or my commitment life

You know my presence, but you alone, should let you
know
You don't want to mess with me
I need you to spend time with me

[Ardis]

I bring the heat
You want to play? It ain't a thing to me
You say you changed, you look the same to me
Eat and ball too much
On the real, cause I done stall too much
Girl I want you all too much
Ain't no way in the world, me and you can ball too much
Imagine having cabbage, straight lavish
Your friends wish they can have it
Cause I push a Rolex, sip crystal glasses of Moet
Don't listen to your friends about me cheatin
They don't know that, your best friend want me
Tell that hoe that, fo' sho' dat
You know she want the kids you shoulda knew this, true
this
Few real niggas left, I'm one of the fewest
Holla at me girl, I'm Ardis, we can do this
Do that love thing girl, so I can prove that

[Chorus (to fade)]
