[I'll be missin you, missin you]

(Webbie-Talking)

Hello, Young Savage

What you doin?, Trill E-N-T

[I'll be missin you, I'll be missin you], Webbie

[Verse 1-Webbie]

I ain't been home in a few days(I miss you)

I know you do, I ain't gon'lie I miss you too

Come kiss me through the phone, I'ma kiss you too

Now I'ma hit you in a minute-gotta get this loot

Girl we got us somethin special, I know it ain't nothin better

You can trust me cause I'm tellin ya I don't want nothin else

You get lonely you can just use the pictures up on the dresser

I ain't never think a woman could have me this lil'feelin

Girls'll walk up on me flirtin, I be tellin e'm "Nah I'm chillin"

Hug you till I go to sleep just to squeeze you like my lil'pillow

Then I wake up Monday mornin'don't come back till Friday

In my whole 'nother whip, sittin on 6's with tinted windows

Baby phat bags, all the purses with matchin'slippers

You done heard I fucked this dumb bitch-now you mad trippin

Tears in ya eyes, yellin you tired of my fast livin

I'm just happy for to see ya, godamn... I miss you

(Chorus-Le'Toya)

Since you went away, I been down and lonely

Since you went away, I been thinkin of you

Ooooooh I'm missin you, Ooooooh I'm missin you

[Verse 2-Webbie]

From rags to riches, if that shit was to hit me again

I'd have to bring you with me again

It done been a lot of stuff I found myself in

And you stuck by a nigga like my left hand  
It wasn't all this at first, till we just kept prayin  
Now I'm on-and you a bad ass bitch, Yes maam  
And oh yes maam as soon as I get home it's gon' be  
work time  
And you know us we like to fuck like it's the first time  
You tell the first time for some reason  
I knew that I was stayin' and I figured you wasn't leavin'  
I know that I don't need ya, but be feelin like I need ya  
When it come to certain people, I act like I got a meetin'  
But I just wanna please ya-trust me they just wanna be  
ya  
Whenever I ain't wit ya baby I can't wait to see ya  
I gotta keep it G and say I love ya, cause I'm fuh real  
I wash away all the tears, we been doin this shit for  
years

(Chorus-Le'Toya)

Since you went away, I been down and lonely  
Since you went away, I been thinkin of you  
Ooooooh I'm missin you, Ooooooh I'm missin you

[Bridge-Le'Toya)

Ya everything I need, couldn't have asked for more  
Boy you know you were, waitin for  
I know you wonder why I'm standin at the door  
To let you know, I miss you  
And you will see it in my eyes  
You're the completion to my life  
Ain't even a question, you already know  
But I remind you that, I miss you

(Chorus-Le'Toya till end)
