Pull the dro out, break the dro down,
roll it up tight, light it, pass it all around, i do it all day, i
gotta stay high, if you say no to drugs, and then i have
to say why, at the age of 12 i was introduced to weed, 3
years latta i started dropping hits of LSD, its an
hallucinogen, you have to be careful when you take it,
if you have an evil mind you might be conversating with
satan. and i made it through the freakin pin, mary jane
remained my friend, even though when times get hard
she'll be with me to the end, dont say no it feels so
much better to say yes, here swallow these, be on yo
knees, and put yo body to the test.

Chorus(2x)

I say yes to drugs, I say yes to drugs, I say yes to
drugs,
we dont just say no we too busy sayin yeah!
we dont just say no we too busy sayin yeah!
When you see me i be fuckin high, I can touch the
fuckin sky, some of the shit i be on have me thinkin i
can fuckin fly, but im not dumb enough to try, and dont
even ask me why, fuck it im gunna go for it and find
out if im super guy! Oxycotton, Xanax Bars, ambiens
and loratabs, will have you itching, scratchin every
body part that you have, make a call to get some more,
a day without them is a bore, gotta have something in
my system ill take mine and even yours, im lil wyte the
most known king of intoxication, got some
questionable pills? let me see them before you take
em. ACP we glorify the usuage of illegal substances,
Somebody gotta represent the regular and i love it!
