(Unknown Man)

Them niggas wanna ride by do a lil' drive by
But they just don't know how
But we about to show 'em when the pistol backfire
And them niggas gone die
Them niggas wanna ride by do a lil' drive by
But they just don't know how
But we about to show 'em when the pistol backfire
And them niggas gone die
And we gone ride on 'em (ride on 'em)
And we gone ride on 'em (ride on 'em)
Uhhhhhhhhhh!!

[Lil' Zane]

Retaliation is a must when them niggas bout to bust
slippin on us
Niggas kicked in the door took the yayo
Had a nigga on the floor all scared too
And they put the steel to my head too
I'm on the cellular
Wit my niggas "Where the hell are y'all"
Shit I'm about to go to jail and all
They didn't figga they was fuckin wit the wrong nigga
wrong day
Doin shit in the wrong way
Nine holes couldn't hurt a nigga
That's what they got
Now I'm screamin murder nigga
So shoot the block
Niggas gone bleed tonight
Plus I'm high on weed tonight
Muthafuckas won't breath tonight
World Wide renegades when I'm breedin right
You can see him on the news just seen the light
Glowin niggas y'all meet me
In College Park in the hour like that y'all be next

[chorus]

[Lil' Zane]

Fast money done slowed up

Niggas cars got blowed up
Whole cities got tore up
And what you mean "Nigga hold up"
Shoulda seen this niggas eyes when my niggas roled

And you can run but you can't hide
And I won't let shit slide
How many O's did you get right?
Do you know how many bullets bout to go up in your

[Lil' Zane & Unknown]
Cituation gettin sticky
Why the fuck niggas pick me
Cause I'm rich see

But the trick be

Till the clips empty

[Lil' Zane]

Look how I give it to them niggas real
And muthafucka why you try me
Why you think cause I'm under 21 I won't connect you
