[Chorus 2x]

I've lost so many so called homies but that's okay
Since they gone I've realized they weren't my homies
anyway
Cuz if they was it would be cool and everything would
be straight
But see they ain't that's why I had to write this song
about the fake

[Verse 1]

It all started in 2001 when I was signed to Hypnotize
Minds
Now I gotta a mutherfuckin' line around my house
Everybody came to hang with Lil Wyte
I've always had a lot of friends but these were not your
average nights
It'd be a Tuesday there'd be 16 people in my living
room
And everybody had a blunt then we would all be feelin
soon
A few of them lost their jobs cuz they couldn't pass a
piss test
The others just got fired for tryin' to hang with me all
day I guess
I worked my ass off once a year and get checks every
three months
I ain't always had cheese shit I used to be on free lunch
And now we're in a recession and shit all my homies
countin' change
Askin' me for money and if I ain't got it they all start
lookin' strange
[Chorus 2x]

[Verse 2]

I've done everything I can for 99% of them
I fed their kids I've paid their bills and this the fuckin'
thanks I get
I'm sick and tired of all your shit I'm bout to call it
fuckin' quits
I'm not a billionaire I've never had a multi-platinum hit
So stop askin' me for everything unless it's good
advice

I got plenty of that I spit the facts just tell me about your
life
I ain't the one to burn your bridges with just so you
know
I cut your water off and leave you shakin' cold on the
flo'
I'm a nice guy but don't mistake my kindness for
weakness
I've been this way since back in the day when I was on
some street shit
You eat shit and shit lies and that's really the reason
why
I don't fuck with ya anymore I can't believe I even tried

[Chorus 2x]
