You had me leaning over wishing wells.  
Trip and fall, put under your spell.  
And I would go under any day.  
For you my heart would drown in pain. Yeah... oh.

It's sad to say, it had to be done  
But don't call to tell me that you found the one.  
It hurts beyond what words can say.  
If you loved me, you'd be here today. Yeah... oh.

Chorus:  
Lived in fantasy, you were meant for me  
In a feeling, hearts revealing.  
Hear the symphony, you took away from me.  
Lost your feeling, believing realty

The knight in shining never came  
To pick me up and carry me away.  
I'm left here drowning in my tears.  
My wonderland now lives in fear. Yeah... oh.

Chorus:  
Lived in fantasy, you were meant for me  
In a feeling, hearts revealing.  
Hear the symphony, you took away from me.  
Lost your feeling, believing realty

Blind see it, deaf hear it, love heal it, soon enough the  
numb will feel it.  
Blind see it, deaf hear it, love heal it, soon enough the  
numb will feel it.

Chorus:  
Lived in fantasy, you were meant for me  
In a feeling, hearts revealing.  
Hear the symphony, you took away from me.  
Lost your feeling, believing realty

Deeper and deeper, there I go.  
You don't know, that's why I weaken  
(In a feeling, hearts revealing)

Deeper and deeper, there I go.  
You don't know, that's why I weaken  
(Lost your feeling, believing reality)

Maybe some other time...
