[Verse 1]

I got an offering to refuse a five piece a dro for two's
Feeling greeky across the color G's so I'm super cool
Take a trip to the ATL, holla at my boy Terrel

Though that's where he want me to meet him so far
situation swell

Hit him up as soon as I get in town we go rendezvou
Ten for the four is what I got instead of five for two
Nervous is bout to back the po po's hotter than an iron
skillet

Also in the back I got my gat in case I have to peel it
Watchin' all my mirrors as I make a left on Old Nat
Thankin to myself he said eleven where this fool at
Bigger mounts of cash, duffle bags I get a tax invasion
Last thang in my life that I don't need to add is
incarceration

Hardest racing and I'm racing back and forth all in the
van

Blue lights everywhere I'm high as hell and you
couldn't understand

Palms are sweaty and my eyes are glued so far into my
rearview

I see the dude who got the dope and I think he see me
too

[Chorus: repeat 4X]

It's zero tolerance around here (fuck them laws)

It's zero tolerance around here (man fuck them laws)

[Verse 2]

And it's all good no ones around he pulled up right
beside me

We got a room at holiday inn so now he right behind
me

Its been awhile since we kicked it so it's gone be a
minute

I got a bag full of dough and a four-five up in it
Cause I don't know if this fool got something up his
sleeve

He could be tryin to get me or just fuckin with me

I got feelin operation is gonna go as planned

Without a site of disturbance to fuck up my demands

Exchange was made and now I got the dope up in my
hands
10 pounds of dro for four thousand dollars stashed up
in the van
I tell em holla and I vamp out back to the M
I put it in drive and then I glance back one time at him
I left the atl at 9:30 no time to waste
I got a box of cigarillos began to blaze
I hit the interstate pop the hood and caught triple A
Six hundred dollars five hundred miles until the bay
So fuck them laws

[Chorus]
