The damage is done, and the words are spoken
Lying flat on the floor, left alone all broken
Kill the bottle, beat the booze to the punch
Kick the mirror in pieces, I'll break a bunch

How did I get here once again?
In a nightmare singing my refrain
Is this my fate, was that my life?
I just saw flash before my eyes

Saw a lot of smiles, felt tears of joy
Oh the hope, all the life for me to destroy
Going up, going down, in a hole so small
Big rise followed by a motherfucking fall

And I fall.....Yeah, yeaow!

Oh, yeaaaaoow!

I'm alive with things all twisted
Breathing in life I resisted
This was my fate, this is the world where I belong

[Solos]

How did I get here once again?
In a nightmare singing my refrain
Is this my fate, was that my life?
I just saw flash before my eyes

Don't know how long I've been gone
Nor do I recall things I have done
It just feels so wrong, it seems too good
That I was always misunderstood

I'm living, now you're dismissed
Forgotten faces, once existed
Laugh at my pride and sing my song

I'm alive with things all twisted
Breathing in life I resisted

This was my fate, this is the world where I belong

Hoo-ahh!

I'm living, now you're dismissed
Forgotten faces, once existed
Trespass my way and sing my song

I'm alive with things all twisted
Breathing in life I resisted
This was my fate, this is the world where I belong

All twisted was my world, is that so wrong?

(I think everybody got...something in their past, some
sin, some awful secret thing. Lotta people walking
around out there, they already dead...just need to be
put outta their misery.)
