(Hang on)

Got to go

Preview what they oughta know

Keep your head down and fucking die

(Wake up)

Rise and shine

Gotta take another pint

Dig your heads and watch out for the night

When the sun comes down

And the moon comes up in the sky

The battle of the day and the night

Kill

(Kill, kill, kill)

Go fuck another one

Candlelight burns in a wood so high

On a carpet

(Flying high)

Take it down to the other side

The way beyond it may lie

When the moon comes up

And is rescuing under the night

The reaper is on the other side, let's go

Bodom after midnight

Bodom after midnight, yea

Bodom after midnight

Bodom after midnight, yea

Kill

Bodom after midnight

Bodom after midnight, yea

Bodom after midnight

Bodom after midnight, yea
