Let's go

That's it, where to go?
Should I tell you where I wanna go?
We'll die there be motherfucking there a brighter way
to dry out
You wilted away, I'll show you the place where I wanna
die
We're gonna die in pain, don't hurt my eyes, I feel the
flame, ahh

Starts slowly die
(Starts slowly die)
Words rising high
(Words rising high)
We'll pay you the Bodom beach terror, yea

I aim at the point where fire gets life
I play darkness strive
Watch your eyes and believe in your lie
Trust me before you die
Bodom beach terror

Go go
To the place where you really wanna go
From the dark away to hit lights, to hit that human light
One minute shape to hit time where you gonna go
I bet you're gonna hit you to tear you down
To a place you've never seen

I aim at the point where fire gets life
I play darkness strive
Watch your eyes and believe in your lie
Trust me before you die
Bodom beach terror

Ooh right

{My pain is constant and short
And I do not hope for a better world for anyone
In fact I want my pain to be}
