The faint blaze of the candle of my life,  
slowly dying like a fire in a pouring rain.  
No sparks of hope inside,  
no shooting stars on my sky.  
On broken wings, no flying hight...

Another night, another demise,  
Cadaverous wind blowing cold as ice...  
I'll let the wind blow out the light  
cuz its gets more painful every time i die.

Out of strenght to fight.  
I cannot take another night.  
I cannot take it no more.  
Lust of light slips through my fingers  
like blood on my arms.  
Black candle wax has buried me...

Another night, another demise,  
Cadaverous wind blowing cold as ice...  
I'll let the wind blow out the light  
cuz its gets more painful every time i die.
