Hight above yer shadow smiles at me.
Way down below I hear your serenely breathe.

I'm running after you throughout
the valleys of tormented souls,
don't you be afraid of me only kissing your shadows...
You're so far away, I can your scent,
when i carries your shadow,
and if you truly want I'll cross the line I'll follow.

I'm dreaming my way out from down below.
To get wherever you haunting from, I'll go...
I'm kissing the shadows you surround me with,
to feel my pain vanishing away from me.
Your touching the shadows I'm surrounding you with,
so together in pease we shall be.
Your touching the shadows I'm surrounding you with,

I'm running after you throughout
the valleys of tormented souls,
You're so far away, I can your scent,
don't you be afraid of me only kissing your shadows...
when i carries your shadow,
and if you truly want I'll cross the line I'll follow
