Girl

I can't understand it why you want to hurt me
After all the things I've done for you.
I buy you champagne and roses and diamonds on your
finger -
Diamonds on your finger -
Still you hang out all night
what am I to do?

My girl wants to party all the time

Party all the time
party all the time.
My girl wants to party all the time
party all the time.

She parties all the time - party all the time
She likes to party all the time - party all the time
party all the time - she likes to party all the time
party all the time.

Girl

I've seen you in clubs just hanging out and dancing.
You give your number to every man you see.
You never come home at night because you're out
romancing.
I wish you bring some of your love home to me.

But my girl wants to party all the time
My girl wants to party all the time

Party
party
party she likes to party all the time.
She likes to party all the time -
She lets her hair down
she lets her body down:
She lets her body
she lets her body down.
Party all the time - do you wanna get any party

yeah.

Party all the time - party all the time.
