Pulling the last cry - I was alive
While I'm down in my hatred, weird reich
My god has set you on fire
The day and the darkness light your way

When we reached this final dusk
Then bring me fire and insanity
The cold-blooded eyes are showing butterflies
They dance in the fire insane...
in Your fire
God's with me
Fire - come with me
Fire - Your fire...

...Of the everlasting flame
The early, the one we're all of
I'm walking struggling down down down down...

And when you hear me forth to the everlast,
Hear me used to bear dreams, cast in a silent, near
fire...

You are bleeding here
Fire - a thorn, sweet, so well...
we'll praise the lord to begin it until the others will fall!
But victims are we all...

We will at last destroy human gods
And within us the fire is burning
The dream lives forth
And we're standing strong to fight
And within us the fire is burning

Fire - god bring me
Fire - god's with me
Fire - together forever
