Go

Hundred killers after you
What the hell you gonna do?
Think they're gonna kick your ass
Bring you down, make you crash, oh yeah

I never thought
The tables would turn like this
For one day your grave
I'm gonna spit and piss

C'mon you fucker, let's go
By this time you already know
With that standpoint of HIAS
You can kiss my Nordic, pale white ass

I'm a raw loose cannon till the end
To the depths of hell you I will send

I don't think anyone ever liked me
I don't give a fuck
Would you really think I ever dug you?
Hit me with a shovel if I do

I don't think anyone ever liked me
I don't give a fuck
Would you really think I ever dug you?
Hit me with a shovel if I do
