No flickering light at the end of the path

Confront repressions of the past

Fear... Prevail... Insanity... Obey!

Draw back in silence to dwell in anxiety

No matter where I am, I'm alone

My dreams are shattered

into thousand running tears

The tears keep dripping down, down,

deep, down from my veins

Chorus

I'm walking towards dead end I'm walking all alone

Two steps behind insanity

There's no starlight guiding my way through this
downward death row

Soon will be the time I have to go...

Little by little the end is drawing near

Another night and so little blood to spare

(Ya can hurt me... but ya can't possess me 'Y know...)

Kill me, hurt me, fuck me, rape me, you won't have me!

Draw back in silence to dwell in anxiety,

No matter where I am, I'm alone. I'm crying out loud

the tears of blood I bleed, so fuck the world,

I'll go now, I don't care. (Who cares?)

Chorus

I'm walking towards dead end, and I'm walking all
alone

Two steps ago I past insanity

There's no starlight guiding my way out this downward
death row

So now is the time I have to go
