Welcome to the sound
Of slamming two feet on the ground
Overwhelming delight
Come surrender my enemy

When you just unveil
It's repulsive mirror in bits
And you won't leave my fucking house
Beat up by only thirteen hours

What you want with me, I'm stopping in
I have run forward, still mostly me
Take a look at your face and you will burn
What to say, you're so ugly, so goddamn ugly

And though with all this violence
Insane, the amount of silence
If you leave my fucking house
Be out by only thirteen hours

Out in the chamber you're safe
Trying to flee from your coming fate
This isn't why you're scared
Set in to see us and closer I fear

What you want with me, I'm stopping in
I have run forward, still mostly me
Take a look at your face and you will burn
What to say, you're so ugly, so goddamn ugly

And though with all this violence
Insane, that you're just silent
If you will leave my fucking house
Be out by only thirteen hours
