It's not about the money

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'
Lovin', lovin', lovin'
You be on your own, its nuthin', nuthin'
Nuthin', nuthin', nuthin'
If it's not nuthin'
Girl, its gotta be somethin'
Slippin', fallin', slippin'
You must really love me

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'
Lovin', lovin', lovin'
You be on your own, it's nuthin', nuthin'
Nuthin', nuthin', nuthin'
If its not nuthin'
Girl, its gotta be somethin'
Slippin', fallin', slippin'
You must really love me

Told so many lies by so many different guys
It's hard to see the truth when in front of your eyes
I'm from a city of conflicts, criminals and convicts
Livin' on the run baby only havin' fun baby
She was just a friend so I never dug her
A young thug and so it wasn't in my heart to love her
You say you love me regardless
You was young and I was heartless
We both said it I was hard headed

Everything you said went into a ear and out another
I couldn't understand you wanted me to be your lover
You took time every night to write me love letters
And you used to whisper in my ear nobody does it
better
And did I mention it was long letters
I like they way you squeeze in them dungaries
But the thongs betta and you believe that I'm not there

Till it make it feel like if you leave then I won't care
Yeah

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'
Lovin', lovin', lovin'
You be on your own, it's nuthin', nuthin'
Nuthin', nuthin', nuthin'
If it's not nuthin'
Girl, its gotta be somethin'
Slippin', fallin', slippin'
You must really love me

All my life I been goin through depression
More of the love and less dressin', I'm tired of guessin'
Tell me if you want affection you make a thug feel love
You head rushin' and I can't seem to get enough
Can I touch somethin'?
You're like an angle with some wings sent to guide me
The law try to lock me down but you hide me
Be beside me strapped for war soldier guide me
I'm tryin' to be wit you ain't a army that can stop me

Told me team the dream and automatically they knock
me
Said ya beat me down 'cause I'm young, I'm like watch
me
I love winnin', ice linen and keep my dubbs spinnin'
Love women, street corners and I'm gone keep on
bendin'
Wit you its no pretendin'
And even at the beginin' I knew that you was wit it
Even tho I neva hit it forgive me for the times I
bullshitted
And now I'm all yours, baby you did it

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'
Lovin', lovin', lovin'
You be on your own, it's nuthin', nuthin'
Nuthin', nuthin', nuthin'
If it's not nuthin'
Girl, it's gotta be somethin'
Slippin', fallin', slippin'
You must really love me

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'

Lovin', lovin', lovin'
You be on your own, it's nuthin', nuthin'
Nuthin', nuthin', nuthin'
If it's not nuthin'
Girl, it's gotta be somethin'
Slippin', fallin', slippin'
You must really love me

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'
Lovin', lovin', lovin'
You be on your own, it's nuthin', nuthin'
Nuthin', nuthin', nuthin'
If it's not nuthin'
Girl, it's gotta be somethin'
Slippin', fallin', slippin'
You must really love me

You see it's not the money, money
Money, money, money
You say it ain't about the lovin', lovin'
Lovin', lovin', lovin'
You be on your own, it's nuthin', nuthin'
Nuthin', nuthin', nuthin'
