I saw an old friend of ours today
She asked about me and I didn't quite know what to
say
Heard you'd been making the rounds round here
Well I've been trying to make tears disappear

Now I'm almost over you
I've almost shook these blues
So when you come back around
After painting the town
You'll see I'm almost over you

You're such a sly one with your cold, cold heart
For you leaving came easy, but it tore me apart
Time heals all wounds, they say, and I should know
Cos it seems like forever but I'm letting you go

Now I'm almost over you
I've almost shook these blues
So when you come back around
After painting the town
You'll see I'm almost over you

I can forgive you and soon I'll forget
All my shallow dreams
You took the love that you wanted
And left me the misery

Now I'm almost over you
I've almost shook these blues
So when you come back around
After painting the town
You'll see I'm almost over you

When you come back around
After painting the town
You'll see I'm almost over you
