Chorus

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

Verse 1

Sometimes other peoplesâ€™ criticism can take its toll
in our self-confidence
Before long, we stop believing in ourselves without
even knowing it
And our own behavior can begin to affect our inner
resistance

Chorus

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

Verse 2

We need to know that weâ€™re good enough in spite
of othersâ€™ disapproval
We need to empower ourselves with self-acceptance
and love
In the end the only thing that matters is our own
approval

Chorus

In myself I must believe
In myself I must believe
In myself I must believe

If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will

In myself I must believe
In myself I must believe
In myself I must believe
If I donâ€™t, no one else will
