We have more power than we know Our potentials are limitless Let' s provide them space to grow

We are much more than we are told We are the flame of life Our inner power can never be sold

Unlock the power inside you Unlock the power inside Unlock the power inside you Unlock the power inside Unlock the power inside you Unlock the power inside

## Verse 2

Let the walls between you and your potential Crumble down Our self-empowerment is essential

Let's set our solitude aside Let's feel this new energy flowing through our bodies Let's seize it, and seal it inside

### Chorus

Unlock the power inside you
Unlock the power inside
Unlock the power inside you
Unlock the power inside
Unlock the power inside you
Unlock the power inside

Verse 3
There' s always second chances
Especially when we believe in our abilities
There are things we may not be able to change
But we can always change what we think about
ourselves

We are here to achieve our purpose And to fulfill our dreams We can conquer our greatness Because we are good enough
