[Music and Lyrics by: Pedro A.]

Throught the hours that I pass sunken in the abyss

I could drive my life thanks to the darkness  
The wisdom in reality searches for us  
We like Dark Angels followed it

I traveled through my dreams, in order to arrive to you,  
The fleeting echoes of my soul they began to vibrate  
The infinite strength, that balances and you/he/she/it  
balance  
It is the art of could balance the movement

...In order to attract is necessary crate a void  
Charmed, the weak succumb in front of our power  
The who he/she/it/you is in reality our only Ethereal  
essence  
The Wisdom, the serpent, the Eternal Mirror...

We are spirits that wonder in conquering  
Of destroy and volatize the pain and the ignorance  
We are radiant souls, creatures of energy  
The same Universal and Eternal Energy
