Nah nah nah

Dirty black clothes
A spider criping up the wall
Moldy pizza
Sits were i left it on the floor

What that breeze upon my face
How did human make light

You hit me
It all turns to sunshine
Dirty sunshine
You walked in
It all turns to sunshine
Dirty sunshine
I slamed the door
And it shut the blends
Dirty sunshine

I feel like shit now
But i dont mind
Cuz its that time again
Im in my sweat pants
And im a mess
Dont want to let you in
Cuz sweetness give me cavaties
Your all i dont want to

You hit me
It all turns to sunshine
Dirty sunshine
You walked in
It all turns to sunshine
Dirty sunshine
I slamed the door
And it shut the blends
Dirty sunshine

I dont wanna run in
Your merry go round

Stop picking me up
When i want to be down
Smash my nails on the floor
And im not gonna say
Whats that breeze upon my face
How did you made it
Yoooo
You walked in and it all shines bright

You walked in
It all turns to sunshine
Dirty sunshine
You hit me
It all turns to sunshine
Dirty sunshine
I slammed the door
And it shut the blends
Dirty sunshine

You walked in and it all turns bright
Sunshine
Dirty sunshine
