Yesterday seemed so much longer then today
there must be something wrong with me
I think im losing in oh no
I must be stupid

now im here
yes im here
cuz i tried
if your here
then your here
for a while

I can reach the sky
without being dragged down
I can run forever while
I tried to hold on

But if youll be there while I drown
I dont want to hold your hand
Its quicker then quicksand
And you just wont make it

None the less
I think Ive seen a brighter side
Ive trusted no one deep outside
Its what they call the rest of them
They just dont get it

But were there
yes were there
for a trial

and were there
yes were there
for a while

I can reach the sky
without being dragged down
I can run forever while
I tried to hold on

But if youll be there while I drown

I dont want to hold your hand
Its quicker then quicksand
And you just wont make it

Ive seen so many try to get there way yah
Im sure its really not that bad yah
Im sure its really not that bad

I can reach the sky
without being dragged down
I can run forever while
I tried to hold on

But if youll be there while I drown
I dont want to hold your hand
Its quicker then quicksand
And you just wont make it

Its quicker then quicksand
And you just wont make it

Its quicker then quicksand
And you just wont make it oh yah
