[Lil Scrappy]
Haters dress to impress, but dey misss the spot
It takes chest to distress the longevity pot
But I got a 380 waitin so keep your eyes up off me
Keep your eyes off my dick and get your own damn
money
You dummy mothafucka you'll get your head split wide
open
I do it in the street and leave your neighborhood
smoking
And they hope in, that the mothafuckin war is ova
These lyrics soul reverse them, click clack and break
your shoulder
Im come rollin from the south side of the A
If you keep lookin imma bust your ass in your face
I aint gone pledge imma just make an example
All that unloyal shit will get your fuckin ass tapered
When I cock back my pistols gonna sound like bam
Get your ass so hard the fuckin crowd say damn
You just got knocked the fuck out
That's the way we do niggas that's eyein in da south

[chorus]
What the fuck iz goin on [2x]
He keep on eyein me [4x]
What the fuck iz goin on [2x]
He keep on tryin me [4x]
