My mind's at ease, to find what it sees
As ignorance freeze now it's just power
My mercury wings, the humming bird sings
The message that stands the final hour now

To lead us, out of temptation
Guide us into salvation
Curse my hand, when the dark has a light it's a cloak
for the innocent
When the blood disappears it's a foney absolution for
the sheep with no sight
The time is in hands, to nurture the lands
To drink from the sand under the seasons
The stories unheard, the fame in the word
Defining a certain know the reason's now

Save us from medication
Fill us with ...sensations
Curse the land
When the dead walk the earth it's a sign for the
innocent
When the base turns to gold it's a secret that the
magic's hiding place is find out

My spirit's at ease, at one with the seas
At one with the seas
I hear the decrees, now it's just power
The voices of sweet, so one day we'll meet
The end of the seed, the secret hour now

Lead us, out of temptation
Guide us into salvation
Curse my hand, when the dark has a light it's a cloak
for the innocent
When the blood disappears it's a foney absolution for
the sheep with no sight
When the dead walk the earth it's a sign for the
innocent
When the base turns to gold it's a secret that the
magic's hiding place is find out.
