Down that road, we all know
All things aside
I've got a few, questions you
Have to reply, and soon
'Cause I need you
Remember when, we were young
Taking a ride
Counting all, the waterfalls
That fell from the sky, with you
I miss you

Those were times I won't forget

I know without you I'll try
To stay calm, strong, beautiful
Inside my mind, like you
Just like you

As I lay, wide awake
Under the sky
Waiting for, signs that say
You'll be all right, this time
All is fine
Vividly, in my dreams
I recall times
Sitting there, with your arm
Reaching for mine, to hold
And don't let go
Those were days I can't replace

I know without you I'll try
To stay calm, strong, beautiful
Inside my mind, like you
Just like you
And if forever I try
I know I'll be questioning
Only what's right with you
Only you

You left me here with all your memories
Here you will stay

I'll be okay
With words so wise
Down fell from your eyes
Here you will stay
I'll be okay

I know without you I'll try
To stay calm, strong, beautiful
Inside my mind, like you
Just like you
And if forever I try
I know I'll be questioning
Only what's right with you
Only you

I miss you
