Wet me, wet my lips, a slow degeneration  
Find me solutions for all my aggravations  
Fill me, fill my space with anything of substance  
Empty I can't survive a hollow cave inside

Help me, fire the mindless  
Reason, gonna let them free  
What's it gonna be? Hire the shameless  
Treason, make them follow me

So I can feed my soul, if you see me in the morning  
Lay me down, gather what you need, yeah  
Move so slow you hardly make a sound  
Quench my thirst and make my passion bleed, yeah

Kiss me, wet my face, release my savage lust  
Drive me forever to give you sacred trust  
Empty, climb inside, absorbing all I witness  
So much more I need to know, I'm feeding way too slow

Breathe slow, searching forever  
Breathe deep, need to know it all  
Never gonna end, infinite wisdom  
Teach me, gonna melt my mind

So I can feed my soul, if you see me in the morning  
Lay me down, soak up what you need, yeah  
Move so slow you hardly make a sound  
Quench my thirst and make my passion bleed, yeah

Seems I've lost my will today  
My skin is way too tight to stay  
All eyes on me, just let me be

So I can feed my soul, if you see me in the morning  
Lay me down, suck up what you need, yeah  
Move so slow you hardly make a sound  
Quench my thirst and make my passion bleed, yeah

Fire the mindless, help me  
Save us, fuck all the mindless
