You had me leaning over wishing wells
Trip and fall put under your spell
And I would go under any day
For you my heart would drown in pain, oh

It's sad to say it had to be done
But don't call to tell me you found the one
It hurts beyond what words can say
If you loved me you'd be here today
Yeah

Chorus:
Lived in fantasy, you were meant for me
In a feeling hearts revealing
Hear the symphony you took away from me
Lost your feeling believing reality

The knight in shining never came
To pick me up and carry me away
I'm left here drowning in my tears
My wonderland now lives in fear
Yeah Oh

Chorus

Blind see it
Deaf hear it
Love heal it
Soon enough the numb will feel it
Blind see it
Deaf hear it
Love heal it
Soon enough the numb will feel it

Lived in fantasy, you were meant for me
In a feeling hearts revealing
Hear the symphony you took away from me
Lost your feeling believing reality
Deeper and deeper there I go
You don't know, that's why I weaken
(in a feeling hearts revealing)

Maybe some other time
Deeper and deeper there i go
You don't know, that's why I weaken
(Lost your feeling believing reality)
Maybe some other time
Maybe some other time
