You say my cologne  
Reminds you of someone else  
That's kinda cold, girl  
But go on and be yourself

You can tell me  
Whatever's on your mind  
That's what I want to know  
I plan to make you mine

Try my side of love  
Darlin', come on

You say my smile reminds you  
Of someone that you knew  
I'm so glad there are memories  
That will fade like memories do

I offer to love  
You've heard that before  
But after this love  
You won't need no more

Try my side of love  
'Cause I won't wait till you try  
Try my side of love  
Try, try my side of love  
I won't give till you try  
Try my side of love  
Try, try my side of love

Don't be afraid, girl  
To let love get inside  
If your river's over flowin'  
Let me change the tide

Try my side of love

You know, baby  
There are two sides to every coin  
But there's only side you should be enjoying

The side I have to show you  
With all the love you'll ever need  
So come and get this fortune  
Satisfaction guaranteed  
Let me love you the way you want to be loved  
Let me please you with I know you've been dreamin' of

I'm on the outside looking in  
Wanna be more than just your friend  
Need you, baby

I want you to try, try my side of love

I need you  
I need you  
I need you  
Yes, I do  
I want you to try  
I need you  
I need you  
Yes, I do  
I need you  
Yes, I do  
I need you  
I need you  
Yes, I do
