im never gonna run
im never gonna live
im never gonna hide
ohhh

ill wait for you hoping that day will come
ill wait for you until it feels like forever
and that time was spend on and wishing that you were
here
and i hope someday forever wont be so far away

but right now
24/7
ill wait
24/7
for you
24/7
i know
24/4
you'll be here
woo who
you'll be here

sometimes i feel that your not so far away (your not far
away)
this might be true
dalusion had my side
and i i know that visual isn't everything (visual isn't
everything)
and i hope someday forever wont be far away

but right now
24/7
ill wait
24/7
for you
24/7
i know
24/4

but here i feel it in the air
dont know the feeling so give me a sign

i dont know
you dont care
tell me if someones there
if youre for real
then just get out of my mind

oh now i see you right infront of me
my voice was locked
and i know you had to keep
there on ice stuck in
romance come and gone
well im here alone
watching you walk on (walk on)

24/7
ill wait
24/7
for you
24/7
i know
24/4

24/7
im never gonna run
im never gonna live
im never gonna hide [x2]
ohhh

24/7
27/7
ohhh
24/7
ill wait
24/7
i know
24/7
24/4
ill wait
24/7
for you
24/7
i know
